SHORTNESS OF BREATH

[spreads through close contact]

TAKE EVERYDAY PRECAUTIONS

WASH YOUR HANDS

DON'T TOUCH FACE

AVOID SICK PEOPLE

- ◆ **Covid-19 is an illness that is now spreading in the United States. It spreads VERY easily from person to person.**
- ◆ **It is especially dangerous for older adults and for people with chronic heart, lung or kidney disease, compromised immune systems, or pregnant women.**
- ◆ **There is NO vaccine or medication for Covid-19. If you get sick, you must stay home and away from other people. If your symptoms get worse, CALL your doctor or the hospital. DO NOT GO IN PERSON until you have spoken with a doctor.**
- ◆ **Washing your hands often with soap and staying home are the best ways to avoid catching this illness.**
- ◆ **For questions please call the health department toll free: 1-866-604-6789**
